Overnight Paranormal Experience

Gather your friends and family and join renowned Paranormal Expert, Rebecca Sommers, of Kindred Spirits for an evening of education and exploration. Rebecca will take you through the depths of all suspected areas of the Illinois Beach Resort, but not before taking you through a 90-minute class to educate you on real paranormal experiences equipped with team members that act as spiritual mediums along with professional equipment.

Learn the history of the Illinois Beach Resort and hear stories of guests and employees from their "experiences" there. The area of the State Park is steeped in history and indeed the land has a tale to tell, but that will be revealed later...
